The *Florida Scientist* is published quarterly by the Florida Academy of Sciences, Inc., a non-profit scientific and educational association. Membership is open to individuals or institutions interested in supporting science in its broadest sense. Applications may be obtained from the website.

Original articles containing new knowledge, or new interpretations of knowledge, are welcomed in any field of science as represented by the sections of the Academy, viz., Agricultural and Natural Resources, Anthropological Sciences, Atmospheric and Oceanographic Sciences, Biological Sciences, Computer Science and Mathematics, Engineering, Environmental and Chemical Sciences, Florida Committee on Rare and Endangered Plants and Animals, Geology and Hydrology, Medical Sciences, Physics and Space Sciences, Science Teaching, Social Sciences, and Urban and Regional Planning. Also, contributions will be considered which present new applications of scientific knowledge to practical problems within fields of interest to the Academy.

Back issues of the *Florida Scientist* and its precursors, the *Proceedings of the Florida Academy of Sciences* (1936–1944) and *Quarterly Journal of the Florida Academy* (1945–1972) can be found on the Biodiversity Heritage Library website (<http://www.biodiversitylibrary.org>).
